

 AGE-DEFYING

BRIGHTENING MASK

- Age-defying mask that brightens skin and helps even out skin tone
- Key ingredients: Pomegranate Extract, Grapefruit Peel Oil, Lactic Acid, Alpha Bright Peptide, Hexylresorcinol

DESCRIPTION

An advanced mask with powerful brightening ingredients, including our proprietary Alpha Bright Peptide, Pomegranate Seed Extract, Lactic Acid, and Grapefruit Peel. It helps lighten the appearance of unwanted dark spots caused by sun damage, medication, or aggressive treatments and even out skin tone for a complexion that looks younger, radiant, and more balanced. This mask will complement the other products in our popular brightening collection - Grapefruit Cleanser, Alphasomes³ C-8 Flawless Skin Brightening Serum, and Light Skin™ Renewal Moisturizer.

FEATURES AND BENEFITS

- **Brighten Skin and Lighten Pigmentation:** Alpha Bright Peptide, infused with Pomegranate Seed Extract, jump-starts the powerful balancing of pigmentation. A bioactive blend of Lactic Acid, Grapefruit Peel Oil, and Hexylresorcinol help to lighten pigmentation and even out skin tone.
- **Moisturize and Soften:** Aloe Leaf Extract moisturizes and improves skin texture while Pomegranate Extract restores moisture, softens skin, and provides powerful antioxidant benefits.
- **Tighten and Improve Radiance:** Rice Starch, Hamamelis Virginiana (Witchhazel) Leaf Extract, and Zinc Oxide tighten and soften the skin and help boost skin radiance.

USAGE

After cleansing and toning, apply a generous amount to face and leave on for approximately 10 minutes allowing it to slightly dry. Remove with warm water. For best results, follow with Alphasomes³ C-8 Flawless Skin Brightening Serum, and Light Skin™ Renewal Moisturizer. Use 2-3 times per week.
